This is my second report as pastor of these wonderful people, and I rejoice in the Lord's faithfulness to us. We have been privileged to make several major renovations to the physical properties this year—new siding on the church, new windows—in both the church and parsonage, and a new entry. New faces are beginning to appear, and we are anticipating a good year ahead.

I praise the Lord for the privilege of serving Him in this capacity.

P.S. Another 30% increase in giving this past year!
