## Lake Stevens Lost & Found

Worship Attendance

17

**John & René Hayes**

On January 11, 2010 Lost and Found celebrated its first birthday. As our people look back on the past year God's blessing is all around us. We have seen people who have been away from the Lord for decades come and join us in worship. Throughout the year our Lord has opened ministry opportunities which have allowed us to bring glory to Him. One such example was being able to return the kindness shown to us by our host Cedar Springs Camp and donate golf clubs for their Putt-Putt course. Another blessing was sending one of our people to Haiti as part of the district work and witness team last May. Our ladies had their very first retreat in October. One of Lost and Found's goals is to be a tithing Church to our community. Ten percent of the total monthly tithe goes to help in the Lake Stevens/Granite Falls community. The past year has not been without challenges. Last fall every man from age 17 on ended up in the Hospital within a six week period. This could have destroyed the Church, but all it did was harden the resolve of our people to stand for Jesus!

In closing, Lost and Found continues to be blessed by Cedar Springs Camp and Assembly of God camping ministry who furnishes meeting facilities for us every Sunday. Thank-you to the people of Lost and Found who gave from their hearts so that I could attend my first General Assembly in Orlando. As well to you reading this who pray daily for Lost and Found. Last but not least my wife Rene' who continues to challenge me even when I do not want to hear it. I love you.

—John Hayes
